Organiser

Sama Resource Group for Women and Health is working as a resource group in Delhi since 1999. Sama’s work includes areas of public health, right to health and healthcare; sexual and reproductive health and rights; health of young people; strengthening health system’s response to gender based violence; gender and medical technologies including Assisted Reproductive Technology (ART) and commercial surrogacy; bioethics; mental health and well being amongst other related areas of work. Our core strategies include conducting trainings on issues related to gender and public health from feminist perspective, research, compilation and dissemination of resources and advocacy. Sama in the course of its work has engaged with different women’s groups and organisations, adolescent groups, autonomous bodies like National Human Rights Commission (NHRC), National Commission for Women (NCW), health care providers, hospitals, media, rural and urban health workers. Sama is also a part of ‘Jan Swasthya Abhiyan (JSA)’-the people’s health movement in the country.
